COUNTY SUPERVISORS

State Highway at Wellesley Park to be Improved by Federal Construction Company

The Board of Supervisors met in regular session Monday, May 7th, at 10 a. m., there being present Dr. C. V. Thompson, presiding, T. L. Hickey, John MacBain and Jos. M. Francis. Absent, Supervisor Wm. H. Brown.

The following persons having complied with the county ordinance and furnished the necessary bond, were granted liquor licenses:

First Township—Steve McCue, Colma; F. J. Russe, Colma.

Third Township—A. A. Neuman, Woodside; Percy Weeks Woodside; John Beltramo, Menlo Park.

Fourth Township—Edward Wenknat, Farallone; Henry Schuldt, Half moon Bay.

The application of Frederick Walters of Portola was ordered held up for one week.

The application of Philip Foneran of Pedro Valley for a class C license was also ordered held up for one week.

The following applications will be acted upon a month hence

First Township—John Biggio, Colma; Catherine Demartini, Colma; A. J. Rayle, Salada Beach.

Fifth Township—F. S. Duarte, Pescadero.

Horace Gilbert of Redwood City presented a claim of $71.12 against Newson & Henning, contractors on the new county jail for material furnished. The claim was ordered filed against the contractor's payment.

In response to a request from the local chapter of the American Red Cross Association, the board, on motion of MacBain seconded by Hickey, voted an appropriation of $25 to assist in construction of the proposed Army and Navy base hospital for San Francisco.

Lou G. Hare addressed a communication to the board asking for an extension of time until June 1st, to complete his contract on the Half-moon Bay road from Pescadero to San Gregorio. The request was granted, on motion of MacBain seconded by Francis.

A communication was received from Ed. A. Chadbourne asking the board to accept his contract as completed for road surfacing work in the first township. The contract was accepted, on motion of Hickey seconded by MacBain.

The State Council of Defense addressed a communication to the board relative to the formation of the County Council of Defense, consisting of the presiding superior judge, the chairman of the board of supervisors, the district attorney and the county sheriff. The letter went into the details concerning the food supply and others matters affecting the people of the county at the present time.

Chairman Thompson reported that the County Council had already been formed and was making considerable progress in the work that was before the members.

A communication was received from C. L. Williams, past assistant surgeon in charge of the squirrel eradication being conducted by the United States Public Health Service, in which he invited the attention of the board to the killing of a squirrel on the property of the Spring Valley Water Company in this county that was affected with bubonic plague. Williams asked the board to appropriate the sum of $500 a month to assist the federal government in the extermination campaign now being carried on in the county.

At the suggestion of Supervisor MacBain the clerk was instructed to answer the communication and notify the writer that the county's funds at the present time would not permit the board making any appropriation now, but it would endeavor to do something after July 1st.

The following bids were received for constructing the State highway along El Camino Real in front of Wellesley Park in Redwood City:

Tieslau Bros.	$7431.75
Frank Bryant	7332.03
Federal Construction Co.	5964.38
Blanchard, Brown	7169.62
Raisch Improvement Co.	6336.61

The contract was awarded to the Federal Construction Company, on motion of Francis seconded by Hickey, that firm being the lowest bidder.

A petition signed by I. M. Cowell and a large number of other coast side residents, was presented and read in which they asked for relief in the matter of the use of automobile trucks for transporting produce from the coastside to San Francisco. Because of the absence of Supervisor Brown, no action was taken.

Supervisor MacBain addressed the board in reference to old Loughan house on Oak Grove avenue, Menlo Park, that had been partially destroyed by fire some years ago. A portion of the structure that had been left standing had fallen into the street, said the supervisor, and the balance was liable to follow at any time and perhaps injure people who might be passing. Upon the advice of District Attorney Swart, and on motion of MacBain seconded by Hickey, the clerk was instructed to notify the owner of the building to have the same removed. In the event of this not being done, the house would be declared a public nuisance and Constable Martin Walsh of Menlo Park would be directed to bring about its removal.

A communication was received from the secretary of the recently formed County Social Service Commission, notifying the board of the appointment of Miss Elizabeth Skeele as executive secretary of the commission. Action in confirming the appointment was laid over for two weeks.

AVOID HYSTERIA

Our country "is in a state of war" with enemies more powerful than was Rome, even when Rome ruled all the then known world.

But that is no reason why we should surrender our own reasoning powers and accept as public opinion the daily reports of a press agency, prompted by a desire to create sensations, and backed, sometimes at least, by the money of unscrupulous men who, if they could, would use the fears of the people to make for themselves money on an hysterical market.

Accepting the fact that the nation is at war, what then?

There may be a call which will range under the colors fifteen per cent of the men of our country capable of bearing arms—what then?

We are in the war to vindicate the principles for which our country has stood from the first . It may cost many heroic lives and a vast outlay of money.

But what is there in that possibility to cause level-headed men to lose their reasoning powers? We are told that it will take, perhaps, millions of men out of the ranks of producers and make them consumers. Suppose that may prove true, will it not accelerate business to furnish those consumers with what they need? "We shall be short of laborers," we are told. But more than will be called to the colors are the average number of idlers in our country in times of peace.

Why not cease taking all the cares of the nation to ourselves, and determine to do the best we can in our local sphere, trusting the American people to do that same thing elsewhere?

The larger the army and navy may become, the more food and clothing and war munitions they will need. It is for us to supply our quota of those needs. That is our duty now, and not to spend our time in making ourselves believe that the whole burden of the crisis is upon us and that it is too great for us to bear.

Great storms sweep the ocean, but they never change a deep sea current, nor cause the tides to cease their ebb and flow. It is so with this "state of war." The business of the republic will move on in its own deep current and will not be much ruffled by the storms that the war awakens on land and sea. Let us cultivate all the land we can; let us keep the factories running; let us help all we can to supply our quota in men and food and clothing, and in loyal support of the new work that has been forced upon our people; and let us trust that at best it is but a temporary upheaval, and that before long the cataclysm will have exhausted its forces and peace will come.

All the time we can take this comfort to ourselves, that when the storm has passed our country will have gained immensely in prestige, our flag will have taken on a new majesty; and, better than all else, that the experience has prepared us to meet any new danger with increased skill and with irresistible power.

CONGRESSMAN HAYES

An expression of hope that Congressman Hayes will soon recover from his illness and not resign his office, and that his independent attitude on the nation's war plans is appreciated, and his integrity and Americanism unquestioned, form the substance of a statement that is being circulated in Burlingame for signatures. It will be forwarded to Congressman Hayes in a few days.

During the last few weeks Hayes has received protests from some of his constituents because of his refusal to support the Administration polices in connection with the war against Germany.

ANNUAL MEETING OF COUNTY SCHOOL TRUSTEES

The annual trustees' institute will be held in the courthouse next Saturday. Superintendent of Schools Roy W. Cloud is arranging an interesting program for the occasion. The institute is to be addressed by Senator M. B. Johnson, J. W. Cagney, superintendent of Schools of San Benito county and Mrs. J. W. Henshall, assistant state librarian. There will also be a musical program. About fifty trustees from the various districts of the county will be present. These institutes are always interesting, much knowledge is to be gained in attending them. A mutual exchange of ideas among the trustees is certain to result in much benefit to the school districts. Therefore all should attend.

CITY TRUSTEES TURN 'EM DOWN

Draw Line at Halting Street Work or the Use of Hydrants to Increase Water Supply

The protests of Frank Stewart, a non-resident, and K. Okamara, both owners of property on Redwood avenue, against improving that street were overruled by the board of city trustees Monday evening at their meeting. That party of the city has been held back because of the lack of paved streets and the sewer is necessary as a connecting link for the sewer on Sequoia avenue. The board adopted a resolution ordering the improvements as already outlined in their notice of intention and instructed the clerk to advertise for bids on the work returnable Monday evening, June 4th.

The application of M. J. Soto for the privilege to connect to a fire hydrant to increase his home water supply was denied. Mr. Soto lives on Oak avenue.

An extension of time to June 16th was granted A. Hess on his contract for street work in Wellesley Park. Mr. Hess is unable to secure delivery of oil for the roadway.

The application of Louis Berry for a junk dealer's license was held up for investigation until next meeting. Mr. Berry, who gave his address as 534 Hamilton street was not known to Marshal Coleman or any of the trustees.

Request for the installation of a street light at the corner of Davis street and Lincoln avenue was referred to Electrician Ryan with power to act.

A deed from the Hooper interests for the property exchanged when Monroe street was closed beyond El Camino Real to widen Vera avenue was received. This clears the way for the improvement of that street.

Thomas Skelley of San Francisco was granted a plumber's license.

A fire hydrant was ordered installed on Jefferson avenue and Hudson street.

The new fire ordinance as recommended by the board of fire commissioners was given its final reading and adopted.

The marshal's report for month of April was as follows:

Water rates	$1070.80
Water connectoions	212.50
Sewer connections	36.00
Liquor licenses	2590.00
Miscellaneous licenses	364.00
Dog licenses	8.00
Taxes	8354.65
Improvement Dist. No. 8	274.65
Improvement Dist. No. 13	268.90
Miscellaneous	.50
Total	$13180.00

According to report of Treasurer Towne the balance at the first of the month was $7,719.33 in the general fund and $3,161.53 in the water fund.

They are to make a report of their investigations to the government. The council will hold an important meeting at the courthouse on Monday. The counci will in all probability select County Clerk Jos. H. Nash to take charge of the registration of conscripts under the new army bill. These Forum meetings will be held every Sunday evening. Men of note will discuss live and timely subjects in which thinking people are interested. No creed will enter into the discussions and men of all creeds will appear on the platform from time to time. An attempt will be made to gather into these Sunday evening meetings people who never, or seldom, go to even semi-religious discussions. A large audience is looked for next Sunday evening.

Shields, the nephews and niece of the decedent, were each bequeathed the sum of $5,000. William C. Hull and Mary Hull, children of the late Henry Hull, were also left the sum of $5,000 each. Mr. Hull was among the first miners from the East to reach the California gold fields in 1849. He was ninety-one years old when he died.

When gold was reported to be discovered in California, Mr. Hull, with a party of prospectors left New York on board the Brooklyn ,a sailing vessel, and six months later arrived at San Francisco. He was successful in his mining enterprises and later was identified with the management of extensive lime quarries. In 1854 he was a member of the San Francisco Vigilance Committee. A very attractive house has been offered free of rent to be used for work rooms and depot. It is desirable that the anticipated support of the community be known in the matter before steps are taken to procure necessary equipment and therefore all who are willing to help in this patriotic work are urgently asked to send in their names as soon as possible to anyone of the following: Red Cross, care of Mrs. J. A. Donohoe, Menlo Park; or Red Cross, care of Mrs. R. D. Girwin, Menlo Park; or Red Cross, care of Mrs. Eli. H. Weill, Menlo Park.

Make Us Responsible For Your Tires

You don't have to "shop" among tire dealers to get the exact tire you want,

—nor buy one make of tire for your rear wheels and another make for your front wheels;

—but you can get exactly the tires which will give you the lowest-cost-per-mile of service among the five different types of United States Tires.

And then you can hold one company—the United States Tire Company—responsible for the result,

—which is much simpler than trying to fix the responsibility on two tire companies through two different dealers.

There are five to choose from,

—one for every need of price and use,

—and every one a tire of supreme service and low-mileage-cost.
